Vehicles & Travel

Drive yourselves on this guided overland journey

The vehicles for your journey are automatic Toyota Hilux Double Cab 4x4s – reliable, comfortable, and built for African adventures.

Each vehicle seats four adults with ease and comes fully equipped for camping, featuring two side-by-side rooftop tents (complete with bedding and towels), a practical camp kitchen with gas cooker, a 40L fridge, table and chairs, and a built-in water tank. Recovery gear is also supplied with every vehicle, ensuring peace of mind on remote routes.

Travelling in convoy, the group is led by your guide in a similarly equipped Hilux. The guide vehicle is fitted with radio communication, a satellite phone, first aid kit, and additional recovery equipment – providing safety, support, and expert knowledge throughout the journey.

All you need to do is pack your bag, bring your adventurous spirit, and hop on a plane to Africa – everything else is taken care of.

Namibia 2027

Accommodation & Catering

Prepare your own gourmet meals in the bush

This journey offers a thrilling blend of camping and lodge stays, giving you the best of both worlds. Most nights are spent at carefully chosen campsites, selected for their stunning locations, character, or sense of wilderness.

Several nights are spent in comfortable lodges or hotels, providing the perfect opportunity to relax and recharge in style.

Your fully equipped 4x4s set you up for an authentic self-catering adventure, with everything needed for meals over the coals or on gas. While most meals are prepared in camp, select meals are provided, and some destinations offer excellent local restaurants to sample regional flavours.

The route has been thoughtfully planned with convenient restocking points, and clear guidance on shopping and managing supplies ensures you're fully prepared while enjoying the freedom and excitement of exploring Namibia at your own pace.

Group Travel

The best adventures are the ones shared with a great crew.

On this journey, our ideal group is 20 travellers in 5 vehicles, divided into teams of 4 – usually couples or friends – who cook together, share driving, and tackle the route as a team.

It's the perfect balance: small enough to forge friendships, big enough for laughter, campfire stories, and spontaneous fun along the way.

Some days we travel in convoy, other days you're free to explore winding tracks and remote landscapes at your own pace, always knowing the guide is nearby – sometimes leading, sometimes sweeping – making sure everyone is safe and supported throughout the adventure.

A Guided Adventure

Meet your hosts and guides

Stew and Kirst Nolan have spent years exploring Africa's remote and beautiful landscapes. As your guides and hosts, they balance expert navigation and wildlife knowledge with a down-to-earth, friendly approach. Their love of adventure, attention to detail, and welcoming style ensures you feel safe, supported, and inspired to fully enjoy every moment of your safari.
